My Favorite Books of the Month:

Sherry's picks:

- Recipe for a good life by Leslie Crewe
***** Five Stars

Anyone who had a party line will get a kick out of this one. This is a great story about a writer who is over come by her life and has lost her will to write. She goes on a back woods retreat to Cape Breton Island and finds what has been missing in her life.

- The Women by Kristin Hannah
***** Five Stars

This books brings back scenes from MASH as you follow Frankie train and become a nurse in the Vietnam war. After her service she returns to the US to the realities of a government and society who lack respect for the war effort and it's soldiers especially if they are women. Be ready, it's a tear jerker!
