#### My Favorite Books of the Month:

Sherry's picks:

*A Most Discerning Lady by Sarah Ferguson \*\*\*\*\**

This book is set in the Victorian era and loosely based on the story of her grandparents. It is definitely a romance but adds a little mystery to make it a better read. I didn't realize that this was the second book in a series and I look forward to reading the 1st one "Her Heart for a Compass".

*I Kid You Not by Leslie Crewe \*\*\*\*\**

This is a book is a collection of articles about her family that Leslie wrote for a newspaper. It's entertaining and relatable. In one of the story's I found my leftovers kindred spirit: you put them in the fridge because you don't want to be wasteful then 2 weeks later you throw them out because there is something growing on them you wouldn't want to risk poisoning your family.
